

**Programme on
Technology in Governance:
Opportunities and Challenges in the AI ERA
(January 05 - 07, 2026)**

Administrative Staff College of India
(accredited as उत्कृष्ट by Capacity Building Commission, GoI)

PROGRAMME OVERVIEW

This MDP explores how AI and emerging technologies can transform governance, covering policy, administration, and service delivery. Participants - policymakers, officials, and corporate leaders—will examine the benefits of AI, ethical concerns, and regulatory challenges. Through expert sessions, case studies, and discussions, the program provides strategies for digital transformation and risk management. It blends theory with practical applications to enhance decision-making and governance efficiency. The goal is to equip leaders with tools to implement AI-driven, citizen-centric solutions responsibly.

IMPACT

The programme will enable leaders to leverage AI for smarter, more transparent governance while addressing risks like bias and privacy. Participants will gain skills to design policies and use technology in an effective way that improves public services, streamlines bureaucracy, and ensures ethical tech adoption. By fostering responsible AI use, it aims to enhance trust in digital governance. The MDP will create a network of professionals capable of driving innovation in the public and private sectors. Ultimately, it seeks to build adaptive, inclusive governance systems for the AI era.

CONTENT

Day 1: An Overview of Technology in Governance

The programme focuses on laying a conceptual foundation by introducing participants to the basic tenets of governance in both public and private sector contexts. Definitions and evolving models of governance. Digital Innovation for Informed Decision Making: Exploring how technology is leveraged to improve transparency, accountability, and responsiveness in governance processes. Cross-Sectoral Technology Innovations for SDG Alignment, a detailed examination of global best practices in e-governance models. Cross-Sectoral Technology Innovations for SDG Alignment of technology in governance, emphasizing the need for robust policy and oversight mechanisms.

Day 2: Practical applications of technology within governance systems

Harnessing Emerging Technologies for Good Governance. It begins with an in-depth look at emerging technologies such as artificial intelligence, big data, and blockchain, and their transformative potential in policy implementation, data transparency, and citizen engagement. Smart cities and urban governance, featuring real-world case studies. Transforming Customer Experience with AI & Enhancing Risk Management: Identifying the core challenges to technology adoption in governance, including infrastructure deficits, digital literacy, and resistance to change. Ethical Considerations, Data Privacy & Security Challenges.

Day 3: Evaluation and the Road Ahead

Digital Transformation: AI, IoT & Cloud. Evaluating the effectiveness and impact of tech-enabled governance using specific metrics and evaluation tools. Digital Public Service Delivery, Role of

Technology in Global Governance: Challenges & Opportunities. Role of good governance in the success of an organization, where participants critically examine how principles such as accountability, integrity, and citizen-centricity impact organizational outcomes.

FACULTY & METHODOLOGY

The MDP faculty comprises a dynamic blend of experienced professionals, led by Dr Ashok Kumar Patnaik, Professor CHRD, Along with ASCI's esteemed faculty pool, the program features eminent personalities from Indian Civil Services, CEOs, Business Management Experts, and renowned Legal and Technical Advisors, all with significant experience in top management roles. Their extensive knowledge and real-life examples from the corporate world will enrich the learning experience, offering participants valuable insights into practical, real-world applications based on their experience and expertise.

PARTICIPANT PROFILE

The programme is designed for Junior, Middle, and Senior Level Executives, Managers, and other Administrators who work in the area of Technology & Governance or work in the IT/ ITES domain. Members of thee-Governance project implementation teams, including officials from Central, State Departments of Information Technology, NISG, C-DAC, State e-Governance Societies, Chief Information Officers, and NGOs, as well as other relevant organisations interested in understanding and implementing technology in governance, will significantly benefit from this programme. The programme will also benefit professionals and researchers.

Organisational sponsorship is essential.

Administrative Staff College of India (ASCI) is taking all the precautionary measures and following all the norms (in light of COVID-19) to provide a safe environment for the participants who are visiting our Campus to attend the Training Programmes.

ABOUT ASCI

ASCI is the first Management Development Institution set up in the country at the instance of the Government of India and industry in 1956 to impart state-of-the-art management education for practicing managers, a legacy that we proudly take forward with a strong alumni of over 1,76,500. We are proud of our alumni which includes the leaders of Indian industry and senior Civil Servants in the government, public sector undertakings to be a part of this unique organisation. We are thankful to you all for the support extended in the past and look forward to your continuing patronage in 2025-26.

Also, ASCI conducts customized programmes for Government of India, State Governments, Public Sector, Private Sector and various international organisations. Our experienced faculty bring to the table a wealth of academic credentials, rich industry exposure and act as a catalyst in the classroom discussions, case study analyses and tutorials. Our faculty also conduct international programmes which provide an exposure to the global best practices. In addition to this, faculty at ASCI also carry out large number of management research activities (typically about 100 each year) which helps them provide the much needed value addition in the training programmes. In addition, we conduct non-residential programmes at our New Delhi Centre as well as off-campus programmes at the venue of the client's choice.
